Jon Tustin-COA, Pres. was unable to attend this meeting. Willie Gentry took charge of the meeting.

Charles Faucett with Region 10 and at Fluvanna was our main speaker. He covered a lot of information on what can be done to help people who need help for Mental Health, Rehab, Drug abuse, etc. Also went over those that are 65 and older who are mistreated and what can be done. Those needing medical assistance, assistant Living. Ginger Dillard and Helena Unhock with JABA also covered some of the information. A lot of the information is not just for Seniors.

On the members address and phone list, Barbara's home phone number is incorrect. Want to be sure everyone got the correct number 540-872-3613

The COA put in to the BOS for this years funding. It was declined because of the funds we still have available. Willie is going to check further for us.

Will be having a speaker for our June meeting.
